# A MESSAGE OF IMPORTANCE

This month we must advise you of some changes regarding the paper. Everyone must realize that all of us do this for fun. We are not professional newspaper people. We're sure that fact is apparent! Everything in the paper is done for your enjoyment and to inform you what is going on in town. We know there are some mistakes which go through, but again we are not professionals.

Our biggest problem is the distribution of the paper. This is not an easy task. We have been told that some people did not receive their paper, and we apologize for that. This is only our fourth issue, and it will take some time for us to get into a regular routine. We all have families to take care of, and we do the paper when we have the time.

Therefore, we will stand at the Post Office the Saturday after the paper is printed to distribute. Additional copies of the Trunk Line will be available to you at the Borough Clerks Office at the Complex, and at the Corner Deli. We will try this procedure for awhile to see how it works out.

We would appreciate any opinions that you have to be sent to us in the form of a letter to the Editor. We won't know what you are not happy with if you don't advise us of your feelings. Our mistakes can only be corrected if we know what they are. We hope you enjoy the paper as much as we enjoy putting it together. Any ideas you may have for future issues, please let us know. We also can't forget that we need your donations to keep us going. Thank you for your support!!!

## By You

AUTUMN

Summertime is at an end  
A hint of frost is in the wind,  
That sways the trees with gentle hand,  
Watching the balmy days rescind.

And dark against the Western glow,  
You'll see wild geese outline the sky,  
Like symbols of autumn, watch them go  
Creatures of loneliness, far they fly.

The landscapes burst into vivid hue,  
With splendor that dazzles the eye.  
A picture of beauty painted anew,  
By that Masterpainter in the sky.

ELIZABETH and MILES DeCAMP

Another local gal has "done us proud". Miles, hailing all the way from Pleasant Plains in Dover Township, went to Toms River High School where he and Betty met. Also knowing a good thing when he saw it, Miles began his strategy and on January 26, forty-three years ago, they pledged their vows!

Betty, believe it or not, is one of a five generation family to live in Island Heights. Her father "Allie" Irons and his father lived in the "still occupied by an Irons" house on Central Avenue. Next to Betty and Miles on Summit Avenue lives their daughter, Barbara Owens and her three children, Patti, Robert and Richard. For most of their married life Betty & Miles have lived here.

After graduation Miles worked in Koller's Meat Market in Toms River, where I'm sure he never dreamed when he gave away "dog scraps" they would be worth a fortune today. From Kollers to Jersey Central Power & Light Co. where he worked for a couple of years.

Always on the upward move, Miles studied for three years at the Wharton School, an extension of the University of Pennsylvania in Philadelphia. There he majored in Finance and Economics.

His "final home" in the working field was with Prudential Insurance Co. where he toiled for twenty-eight years. While there he was an agent and a staff manager.

During all these years Miles was devotedly interested in "Our Town". Extremely interested in Education he served on the local school board (some of the time as Vice-President) for eighteen years - a record I'm sure is almost unbeatable.

During this time - for those who remember "when" - our little old school house had more than served its day, and for those who don't know, it now stands as mute reminder! - the vegetable and fruit stand on Maple Avenue and Rt. 37. Miles was chosen as the chairman of the Building Committee and our new and beautiful grade school evolved.

Schooling has always been a problem. We sent our pupils ready for high school to Toms River. At this point in time, Toms River gave us an ultimatum! Join up with Toms River School District or no more sending district pupils. Miles was appointed by the County Superintendent of Schools to discuss the possibility of a new school system with Seaside Park,

Seaside Heights, Ocean Gate, Lacey and Berkeley Townships. From this evolved Central Regional High School which has proven financially to be the right road.

Again Miles was elected to serve on the Regional Board - "our first representative" - where he served for two three year terms.

On our own local council he was also busy. He served as Councilman for two terms. I'm sure this little "tid-bit" can go down in 'Believe it or not'. John Wana-maker, who owned what is now known as the Borough Complex - offered the property to the Boro of Island Heights for one dollar! Miles saw it as a windfall, but the rest of the Council voted "no" as they said they weren't in the real estate business!

Betty, having education on her mind also, worked for five years as secretary of the Board of Education in Island Heights, then another seventeen years as secretary of the Board of Education at Central Regional High School.

Miles and Betty's retirement life is busy and full. Their beautiful home attests to the loving care of their flowers and trees. On the front lawn at Christmas time can be seen Miles handiwork - a beautiful church fashioned after the old original one in Lanoka Harbor on Route 9 - two one-story houses, one two-story house and barn and manger. At one time they had it wired for Christmas anthems - and the Holy season stirred in all of us!

Having traveled extensively to Hawaii, Canada, France and the United States they solemnly swear there is no place like home. Home where their daughter, Barbara, teaches our Kindergarten tikes and their three grandchildren climb buses to Central Regional! What greater heritage do we have!!

"Our greatest concern is the ever increasing governmental costs and the tremendous debt heritage we are leaving our future generations". These are Miles and Betty's foremost thoughts - and we might all add "Amen".

## HOW IT FEELS TO HAVE A HEART ATTACK

The way a heart attack feels can vary. So how can you be sure that what you're feeling is really a heart attack?

By remembering this.

If you feel an uncomfortable pressure, fullness, squeezing or pain in the center of your chest (that may spread to the shoulders, neck or arms) and if it lasts for two minutes or more, you could be having a heart attack. Severe pain, dizziness, fainting, sweating nausea or shortness of breath may also occur. Sharp, stabbing twinges of pain are usually not signals of a heart attack.

Your survival may depend on getting medical attention as quickly as you can. Call the emergency medical service immediately. If you can get to a hospital faster in any other way, do so.

Don't refuse to accept the possibility that you are having a heart attack. Many heart attack victims do just that. They say it's indigestion or tension. They worry about embarrassment. They often wait three hours or longer before getting help.

But before those three hours are up, one out of two is dead.

Remember what you've just read. The time might come when your life will depend on it. For further information contact your local Heart Association.

## That Day!

## COUNCIL COURIER

The month of September was a busy one for the Mayor and Council with two public meetings held on the 13th and the 27th. During these meetings George Lissenden, our Borough Engineer, was commissioned to draw up the specifications for the repairs to the roof of the Main Hall and for the resurfacing of the parking lot and driveway at the Borough Complex.

A rabies clinic and flu immunization program will be held during the month of October with all information pertaining to these events to be announced. Approval was given on September 13th for Bernard Kaliske and Harry Mayer to become members of the Island Heights Volunteer Fire Company #1. Approval was also given to the second reading of ordinance 78-10 dealing with the Planning Board, and the third title reading of ordinance 78-9 dealing with zoning.

In further business, resolutions were passed to contract Towplan Associates to construct a Master Plan for our town, and for William T. Murray to survey and subdivide Block 16 Lot 38. A notice to bidders for a garbage contract was similarly passed.

Our participation in the Ocean County Swim Program was also approved, as were raffle licenses for Ocean County Family Planning and the Island Heights First Aid Squad.

Councilman Murray presented a radar unit costing \$2,200 to Chief Asbury on behalf of the Council. This unit was financed through a Grant from the State and is only one of the many new advancements and programs initiated by our Police Department.

The Mayor and Council wishes to commend the efforts of our Police Department, First Aid Squad, and Fire Company for the dedication of its respective memberships in serving the residents of Island Heights.

Councilman Ron Juba

# Chief's Corner

CHIEF'S CORNER

Once again Halloween is almost here, and as we all know the Police Departments are always concerned about vandalism and the protection of people and property, and also their safety.

As usual the Governing Body will announce a 9:00 p.m. curfew for anyone under the age of 18.

There will be extra police on duty during Halloween. I would like to point out that anyone causing damage or creating any unsafe condition within this Borough will be apprehended and charged accordingly.

I would like to request all parents to please cooperate with our department in trying to make this one of the nicest Halloweens, and to caution all children to have a good time but do not commit acts of vandalism or cause any unsafe conditions.

Thank you all for your cooperation. Here is wishing young and old a very safe and happy Halloween!

Chief Frank Asbury  
Island Heights Police Department

At the council meeting on September 27, 1978, the council and mayor presented the chief a radar unit. This radar unit was funded through a grant for the Police Department.

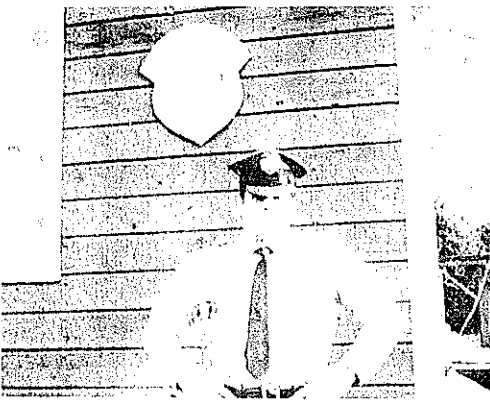

This is another progressive step up the ladder for our Police Department.

REMEMBER TRUNK LINES WILL BE AVAILABLE AT THE BOROUGH CLERKS OFFICE AT THE COMPLEX AND AT THE CORNER DELI ON OCEAN AND CENTRAL AVENUE.

### BOARD OF HEALTH

This month three members of the Board of Health, Mary Lennon, Dr. Seasongood, and Pat Bailey were given a complete tour of the Ocean County Health Department by Mr. Kauffman and Mr. Budricki, both of the County. All were very impressed with the tour of the building and its many facilities.

The next meeting of the Board, there will be a guest speaker, Mr. Kauffman, of the Ocean County Board of Health will speak on duties Our Board has regarding the County.

Patrolman John Sullivan

Many residents are familiar with Patrolman John Sullivan. He has been on the Island Heights Police force for two years.

Patrolman John Sullivan has had the pleasure of graduating from Central Regional High School. In high school he participated in many sports - football, wrestling and weight lifting. He graduated in 1972.

After high school he attended the Marine Corps for two years. Attending Ocean County College in 1973, he decided to study Law Enforcement.

During the summers, after college he patrolled in Seaside Heights.

In March of 1977 he attended the Police Academy and graduated in May of 1977. Also in Police Academy he attended a finger printing course.

John returned to his old high school to give a seminar on Law Enforcement. He feels the younger people should be educated with the law. He spoke on motor vehicle laws to the Driver Education students.

We would like to wish Patrolman John Sullivan lots of luck in his plans for the future. We are very pleased to have him on our Police Force.

Mr. Luper has asked Mr. Cz to double the training time for our track team to ensure victories this coming Spring. Mrs. Jacqueline Pekarski is teaching second grade while Mrs. Oppenheimer takes another year for Maternity leave. BACK TO SCHOOL NIGHT will be October 12 at 7:00 p.m. Every parent should come to school to hear the teachers talk about what their children will do in school this year.

Best wishes to everyone for a successful year from Mr. Luper for this 101st year for the Borough of Island Heights.

### WHATS NEW AT THE ISLAND HEIGHTS GRADE SCHOOL

Mrs. Owens' Kindergarten, Mrs. Wert's first grade and Mrs. Pekarski's second grade classes all took a trip on Sept. 25th to the Garden State Arts Center to see Aladdin. They all enjoyed the show and especially loved the bus ride.

Mrs. Pekarski's second grade has a class pet this year, "Jaws" (a goldfish!)

The third grade, with a little help from teacher Mr. Bradley, is constructing a "human body" for their health unit. (Mr. Frank N. Stein, maybe?)

Mrs. White and Mrs. Kintzler's fifth and sixth grade classes are planning a trip to the Nuclear Power Plant in Forked River to see their exhibit entitled "The Spectrum". The fifth grade is preparing for this trip by working on a unit in energy.

Mrs. Kintzler's sixth graders have gotten the year off to a busy start. In addition to working hard in all basic skill areas, they have entered a safety poster contest sponsored by the I.H. Fire Dept., been gathering seeds for spring planting, and have been reading plays, one of which is to be performed in November! Busy - busy!

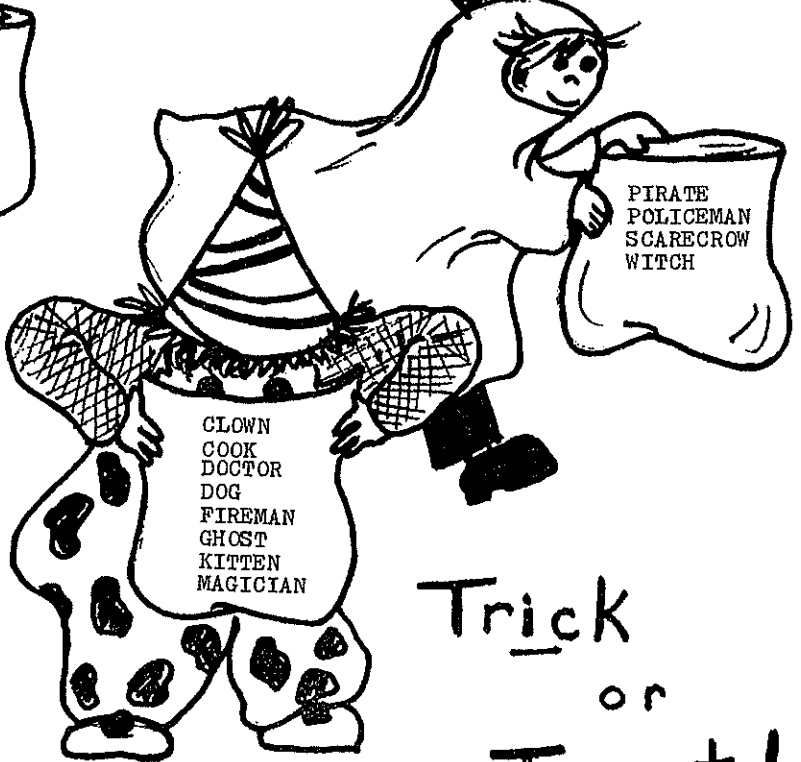

Miss Stewart, in the Resource Room, has completed the testing of new students to our school and individual educational plans for specific students that require her services are being developed.

FUNNY ?

The lady from the East wanted to know why Westerners were supposed to die with their boots on.. "Well, Ma'am," drawled the cowboy, " if we die with our boots on it won't hurt our toes when we kick the bucket."

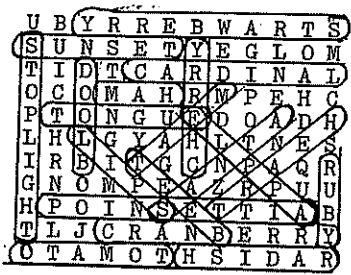

The good Lord obviously intended us to listen more than talk -- otherwise He would have given us two mouths and one ear.

Taking it Literally  
Professor, rapping on desk: "Order, please!"  
Drowsy voice from the back row: "Hamburger with the works."

# Inside..... Island Heights

Dear Livvy,

Here I am again. The leaves are turnin all colors and the air is gettin a mite cooler. I'll have to be takin in my house plants. I see the children goin to school with sweaters on now, and smell the logs a burnin in the hearths come evening. Our town is fixin for autumn. Here's a little news to fix your home sickness.

Michale Frankovitch, studying engineering out at the University of Rhode Island, was selected for the varsity sailing team, came in second. A salute to you, Michale.

Ed Abelite is back at Rutgers studying engineering. Best of luck, Ed.

Tenley Middleton went driving early last month, this event unknown to her Grandmother, Mrs. Haley of Summit & Central. Grandmom found Tenley parked on the McDaniel lawn. Tenley is two years old.

Viola Challacombe has a pet squirrel. It sits in her lap to be fed.

Seen strolling the town one recent Saturday looking for her brother Ernie Brown, was Allie Tweuryn and niece, Kathy Garretson.

Dave "guitar playing" DeRosa is back from Texas. He will reside here with his sister.

Lec Johnson battled a six foot snake on his property last month and came out the victor. Of course, Signe, his wife, scans the ground before going out these days.

Mr. and Mrs. Dager of Jaynes Avenue had to buy a bee sting kit, they were plagued by so many bees.

Percy Applegate said bees didn't bother him, he eats them. Are you kidding, Percy????

Tracey Southard is out of the hospital. Best Wishes, Tracey!

Our firemen had their convention in Wildwood last month. Heard a good time was had by all.

Hope little Carole Roberts is feeling better and staying away from the no no viruses.

A happy birthday to Dianne McDaniels. Hope it was a happy day!

Love and tootsie rolls to Mathew Southard. Hope by the time this letter rolls to press he will be much better.

Mrs. Herman, will you please watch your cat, he's beating up

your neighbor's cat.

Sandy and hubby, Rick Todaro, are solid on ecology - kind to animals, don't hunt, don't quarrel and are good to neighbors. Have to wish them the best of everything.

Thank you, Mrs. Yetman for the cake pan. Now I can bake a cake for you Livvy.

Want to welcome the newlyweds who just moved into the little red house next to the library. The hubby helped Lec Johnson subdue the snake.

October 7, Jackie Southard was Surprised. When walking into Martha McGraws house many friends and family came out yelling "HAPPY BIRTHDAY" poor Jackie was already to go out for pizza.

Sorry to hear that Granddad Deacon is in the hospital. Hope you are up and around giving out candy real soon.

Did you hear that Sue Fioretti thinks Jimmy Prior is the ugliest fireman, George MacDaniels, the orneriest and Larry Kaufman, the nicest.

Pete Kier is having trouble getting out of his car these days. His leg is in a partial cast. Now just picture Pete's leg out straight, stiff as a board. Now how can he sit in the drivers seat and swing that leg in the car? I'll tell you, Livvy, that's pretty hard.

Rob and Joyce Ellis had those twins just one day early on September 27, 1978, Sage Meredith weighed 7 lbs. 3½ oz. and Reed Cullen weighed 7 lbs. 4 oz. Now that's a lot of baby!!!

Mr. and Mrs. Frank Plowcha, River Avenue, recently celebrated their 45th Wedding Anniversary. Congratulations to you both.

Well, I guess I'll close now, Livvy. Sun's goin down and the dark is creeping across the sky. The lights are beginning to flicker in the windows, and I can hear the fading faint sounds of the crickets, which will be hushed all too soon.

Love, Rebecca

Swallowing angry words is much easier than having to eat them.

A man wrapped up in himself, makes a very small package.

Because you have occasional low spells, don't despair. The sun has

a sinking spell every night, but it rises again all right the next morning.

Inflation has changed things. One can live as cheaply as two used to.

Taking No Chances

A man offered three months' paid vacation by his boss turned it down.

When asked why, he replied: "For two reasons. First, if I'm gone that long, the company might suffer. And second, it might not".

Hardly a Refund

Isn't it sneaky the way they call it a tax return? It's like your money was going to make a return trip.

## THANK

## YOU

I would like to express my sincere gratitude to all our many friends and neighbors who comforted us at the time of my Mothers passing. The friendship that was displayed by all of you was overwhelming to myself and my family.

I would like to thank anyone who sent a card or just offered words of comfort. Also I would like to thank the Fire Company and my friends on the First Aid Squad and Aux. for all they did for us during that most difficult time. My Mother was an exceptional lady and would have been very proud to know of her many friends and what was done for us. May God Bless all of You.

Sincerely Yours,  
Martha McGraw
