

Please be reminded that residents should refrain from feeding all wild animals in the Borough.

Feeding wild animals such as Raccoon, Red Fox and Whitetail Deer is disruptive to their natural patterns of food gathering and development and can lead to disease and premature death.

Please do your best to avoid close contact with these animals. If you encounter a wild animal behaving in an aggressive manner, please contact our Police Department.

The Red Fox has become prevalent in the Borough, more information on this species can be found here:
