Mayor Doyle commented that as to 2021-191, Mr. Stocco presented to the Mayor and Council the concept of returning the Construction Office to the Borough and he ultimately did much of the work to make it a reality. In addition, he continues his work on code enforcement and quality of life issues for the Borough and he deserves this recognition.

Ms. Thompson expressed her agreement with the Mayor's sentiments and said that in her recent conversations with our Tax Assessor, he commended the improved flow of information from our Construction Office which allows the Assessor to assure that changes or improvements to properties are properly credited.

Mr. Gabriel questioned as to 2021-187 whether Ocean Avenue is a County Road.

Mayor Doyle introduced the:

DISCUSSION & PRIVILEGE OF THE FLOOR (Public Comment):

Bob MacNeal – Explained that he believes that the Borough’s Tree Ordinance applies to the preparation of lots for the construction of new buildings and that the Ordinance is not being applied or enforced correctly.

Mr. Asay said the Ordinance has never been interpreted by the Construction or Zoning Officials as being applicable in the case of new construction on a lot where there are no existing structures.

Mr. Zabarsky said that he concurs with the interpretation of the Construction and Zoning Officials that the Tree Ordinance exempts new construction specifically.

George Thompson – He indicated that he agrees with Mr. MacNeal’s interpretation of the Tree Ordinance and that it should apply to new construction.

John Pendleton - He asked whether residents were permitted under the Tree Ordinance to cut down one tree per year without a permit.

Mayor Doyle said that all covered tree removals require a permit.

Mr. Fumo said that he believes that more education and outreach are needed with regard to the Tree Ordinance as he believes that many residents are not aware of the existence of the Tree Ordinance and that they may be removing trees without even knowing that they need to get a permit for such activity.

Mayor Doyle added that the Borough’s Code Enforcement Office has been proactive in enforcing the Tree Ordinance and that there have been many cases of tree removals being stopped as they lacked permits and were not justified under the Ordinance.

Mayor Doyle and Ms. Thompson agreed that the Tree Ordinance would be reviewed next year to assure the proper application and interpretation of the Ordinance. In addition, the Tree Ordinance will be reviewed to see if it needs to be amended.

Ms. Thompson – Borough Recreation Badges are available at the Borough Administration Office; the price is \$20.00 per badge until April 30th. Our new cat and dog registration tags have been delayed by supply chain issues but they should be available after January 15th.

Our Post Office ran out of stamps recently and had none to sell for about two days. Mayor Doyle contacted Congressman Kim’s Office and they were able to resolve the situation and get a shipment of stamps to our Post Office. Our thanks to the Mayor and our Congressman for the swift resolution.

Ms. Pendleton - The New Jersey and Ocean County Boards of Health want everyone to know that Covid vaccinations and booster shots will be available tomorrow, December 15 at Walmart at 950 Rt. 37 W. from 11 am to 5 pm on a first come, first serve basis, no appointment necessary. You are eligible for your booster if you received your second Pfizer or Moderna shot 6 months ago or your Johnson & Johnson shot 2 months ago. Regardless of which shot you first received, you have a choice of receiving either Moderna, Pfizer or Johnson & Johnson boosters.

Now more than ever, with the surge in cases nationwide and particularly in New Jersey, driven by the Delta and Omicron variants, it is vitally important to be vaccinated. If you unfortunately contract the virus with a breakthrough case, you are less likely to have a severe case or require hospitalization when vaccinated and don’t forget to get your flu shot this year.

I am Happy to report that the cement gaming table and stools have been installed at the new Van Sant Park, big thanks to the DPW for their work on getting this done. The sign marking the new park as “Van Sant Park” is finished and should be installed shortly. Our plan is to install two (2) park benches in the new park. After the first of the year, we will announce the details for donating to, or individually dedicating a park bench.

Mr. Weber – Santa Claus will tour the Borough on Sunday, 12/19/21, starting at about 3:30 PM, you will be able to track him on the Fire Company Facebook page. Former Fire Chief, George Steer passed away recently, we send our condolences to his family and the Members of our Fire Company.

Mr. Fumo – Long time Elementary School Nurse – Judy Mekles – is retiring, she will be missed and we thank her for her service to our young people for many years. The Elementary School winter break will start on 12/23. The Elementary School chorus performed at our Police Christmas event and the Chess Club will soon be back in action.
